DISTINGUISHED VISITOR HERE

A number of persons distinguished in the turf world were in Paris, Friday, temporary guests of Mr. and Mrs. Arthur B. Hancock, while en route to Louisville, to witness the running of the forty-seventh annual Kentucky Derby. In the party were Miss L. Viau, of New York, owner of the Derby winner, Omar Khayyam, now in the stud at Mr. Hancock's Claiborne Farm, near Paris, and a party of New York friends. They were traveling in their private car. She and her party were entertained by Mr. and Mrs. Hancock.

Harry Payne Whitney and a party of turf friends from New York were also here for a short time, going to Louisville, in a special train over the Louisville & Nashville. Their train was held at Paris for a short time, while the party paid a short visit of inspection to the best little city in the Bluegrass.

Edward F. Simms was host to a party of Texas friends, who went to the Derby with him, and were his guests at Xalapa Farm yesterday. In the delegation were John T. Scott, president of the First National Bank, of Houston, Tex.; W. C. Hogg, son of former Governor Hogg, of Texas; George Hamman, vice-president of the Union National Bank, of Houston, Texas; Frank Ireland, formerly of Paris, now in oil operator of Beaumont, Texas; John T. Crolley, oil operator; Bassett Blakesley, Texas cattle king; Jos. Evans, formerly of Maysville, now a leading cotton exporter of the Lone Star State.

BANKRUPT WATER FIRM'S ASSETS TOTAL \$42,000

Assets amounting to \$42,000 in the bankruptcy proceedings of the Parakeet Mineral Water & Grocery Company, were reported by C. W. Johnson, receiver, in the court of George A. Brent, referee in bankruptcy, at Louisville.

The amount covers the appraised value of nine stores in Kentucky, the store at Knoxville being excluded because of its sale by a Tennessee State court receiver.

The case will be taken up Wednesday, when officers of the company will be examined.

The Parakeet Company operated a co-operative grocery and supply store in the stand at the corner of Main and Tenth streets, in Paris, long occupied by Baird & Taylor, later by Taylor & Jordan.

COMMERCIAL CLUB LUNCHEON.

The next luncheon of the Paris Commercial Club will be given at noon to-day, in the Masonic Temple and will be served by the ladies of the Eastern Star. This will be the last luncheon of the regular series of eight, which had been planned for this spring, under the auspices of the Commercial Club.

A special announcement will be held two weeks later, to which the business men of Paris will be invited as guests. It is also planned to have a special dinner in June for the farmers to promote closer business relations between the farmers and the business men.

No special speaker has been announced, but some short talks will be made in keeping with the occasion, special musical numbers will be given, and there will be community singing of the Stephen Collins Fosters' songs. A special effort is being made to secure a large attendance, as it is the intention to make the last one the largest and best of the series. The luncheons have proven so successful that the entertainment committee of the Commercial Club is already planning another series for next fall.

The newly organized Tennis Club will meet at 7:30 o'clock this (Tuesday) evening at the Commercial Club office, and all present members and any desiring to join are urged to attend. Definite arrangements will be made relative to the preparation of grounds for the courts. The committee on arrangements, of which Miss Elizabeth Crutcher is chairman, has been busy the last few days, locating suitable sites for at least four courts, which will be put into shape soon.

M. H. Lewis, of Louisville, State chairman of the Old Kentucky Home Fund Campaign, has requested Edward H. Gorey, president of the Commercial Club, to name a chairman for the campaign in this county. The quota for Bourbon county is \$1,000. Mr. Gorey will appoint a chairman for the drive some time this week.

THE BOURBON GUN CLUB

The Bourbon Gun Club held the postponed shoot from April 7 on last Friday, May 6. Sixteen squads of shooters stood up at the firing line and some good scores were made. Several visiting shooters were the guest of the Club. The trophy, consisting of a case of shells donated by J. B. Smith and his mate, Frank Collins, was finally won by Catesby Woodford, Jr., after the shooting off of two ties with C. K. Thomas and Amos Turney. The next shoot, which is a regular date, will be held next Friday, May 13. The trophy for this shoot will be a full suit of Duxbak hunting clothes, now on display in Mitchell & Blake-mores show window, and is donated to the Gun Club members by James M. Caldwell. Visitors are always welcome. Those breaking twenty or more out of each twenty-five shot are as follows:

Alfred Clay 22, 25.
Amos Turney 22, 22, 24.
C. Woodford, Jr. 21, 23, 23.

TRUCK IN NEAR ACCIDENT

Disaster, though not physical harm, came to Charles Bales, driver of a tank truck for the Indian Refining Company, Saturday. In trying to avoid a pile of gravel, on the bridge on the Cane Ridge pike, the steering wheel of the truck failed to work. The front half of the truck ran off the bridge, breaking down the railing in such a way as to wedge the truck so that it did not fall all the way over. It was necessary for vehicles to detour for several hours until the truck could be pulled back on the bridge. Mr. Bales escaped injury.

A MEAN TRICK.

While Harry Jones, of Paris was attending a reception in Nicholasville, Friday night, some person evidently in need of auto supplies removed a spare tire and rim from his car. Mr. Jones reported his loss to the police authorities at Nicholasville, but as yet the missing articles have not been located.

BEHAVE YOURSELF WINS 47TH KENTUCKY DERBY

Behave Yourself, a Kentucky bred 3-year-old, was the winner of the Kentucky Derby, Saturday.

The little brown colt, a son of Marathon and Miss Ringlets, from the stable of Colonel Edward Riley Bradley, of Lexington, flashed across the wire a winner by a scant neck after a thrilling race with Black Servant, his stable-mate, while a record-breaking crowd of 60,000 spectators stood on tiptoe at the historic Churchill Downs course.

The crowd was the biggest that ever saw the running of the blue ribbon event for 3-year-olds.

Black Servant, which acted as pacemaker for nearly the entire distance, finished in second place, while Prudery, the crack filly from the Harry Payne Whitney stable, coupled with Tryster, was the public choice, pulled up in third place, six lengths behind the leaders.

Behave Yourself ran the one and a quarter miles in 2:04 1-5 over a track pronounced lightning fast.

The race, carrying \$50,000 in added money—the richest prize for 3-year-olds in the world—was worth \$38,450 net to the winner, and \$10,000 to the second Bradley entry, so the Lexington turfman won approximately \$50,000, in addition to several big wagers.

The defeated field finished in this order: Prudery, six lengths behind Black Servant; Tryster fourth by half a length; Careful fifth by four lengths; Coyne sixth by four lengths; Leonardo II seventh; Uncle Velo eighth; Bon Homme ninth; Planet tenth; Star Voter, eleventh, and Muskallonge twelfth.

Billy Barton, Grey Lag and Firebrand were scratched, leaving a field of twelve for the start.

WATER COMPANY'S BOOKS IN CONNECTICUT.

Newton Mitchell, manager of the Paris Water Company, says that the public has gotten an erroneous impression to the effect that the Water Company had failed to allow the books of the Company to be examined, in order to verify the statement that the Company's expenses in Paris were greater than the receipts, which necessitated an increase in rates.

Mr. Mitchell says that his company was not willing to have their books shipped from the home office at Hartford, Conn., to Paris for examination, not caring to take the risk of having them lost, but had agreed to allow a certified public accountant to have unlimited access to them at the home office, whether it be one secured in Hartford, or one sent on Paris or any other point. He says that the books of the Water Company are open at all times for a thorough investigation, provided they are not removed from the home office.

PARIS MEN OFFICIALS STATE C. E. SOCIETY.

The thirty-first annual convention of the Kentucky Christian Endeavor Convention at the closing session in Ashland, Saturday, elected the following officers for the ensuing year: President, the Rev. W. H. Hopper, Louisville; vice-president, Rev. R. R. Murphy, Winchester; secretary, Mrs. Fred Kimmel, Louisville; treasurer, George E. Bauman, Louisville; junior superintendent, Miss Ella Davis, Frankfort; intermediate superintendent, Mrs. L. B. Carpenter, Bowling Green; superintendent life work, Miss Hannah E. Sprowles, Mt. Vernon; superintendent prison work, Miss Georgia Dunn, Manchester; superintendent alumni association, Owen L. Davis, Paris; superintendent monthly programs service, Miss Minnie Pherigo, Lexington; superintendent quiet hour, Miss Bessie Howerton, Taylorsville; superintendent 10th legion, Roy Perkins, Lexington; transportation manager, J. G. Wilkes, Louisville; president of camp clubs, D. Y. L. Farley, Paris.

SCHOOL CO-OPERATION

One advantage of the movement for consolidating rural schools, is that it teaches the children to engage in all kinds of community activities. The one-room school is often too small to put through public enterprises with any "pep." But when you consolidate schools in a central building, you make it possible to get up clubs for agricultural production, entertainments, musical and dramatic work, and all kinds of public causes. Children taught to work in such clubs are community builders.

ORGANIZE TENNIS CLUB

A permanent tennis club has been organized in Paris, with the following officers: Colliver Dawes, president; Miss Elizabeth Crutcher, vice-president; Lawrence D. Mitchell, secretary and treasurer. The club starts with a membership of sixty. As soon as suitable grounds are secured a schedule of games will be arranged. The organization was completed at a meeting held in the office of the Paris Commercial Club, being one of the developments of the Community Service plan of the Club.

SCHOOL NOTES

When the Paris High School reopens in September, several new courses will be offered. Among them will be a course in descriptive geometry, which will be of particular value to pre-engineering. This course will be given by the Department of Mechanical Drawing.

Some courses in manual training will be given. These courses will be needed to prepare students for the mechanical work in all the engineering courses in college. Surveying will be added to the Department of Mathematics.

The Commercial Department will be greatly enlarged next year. This has been a fine year for this department. We have had all the students we could handle, but next term several new Remington typewriters will be put in, and other equipment purchased, and arrangements made for caring for double the number. Under the leadership of Miss Margaret Kelly, the Commercial Department has developed into one of the best commercial schools in Kentucky, and is drawing students from a large radius, who formerly went to some of the business schools in Lexington.

Rev. Dr. Ira M. Boswell, pastor of the Georgetown Christian church, will deliver the commencement sermon to the members of the 1921 graduating class of the Little Rock Graded School, on Sunday, May 15. Rev. Boswell will deliver the commencement sermon for the Millersburg High School on Wednesday, May 18.

Pupils of the first grades gave an enjoyable entertainment in the Paris High School auditorium Friday afternoon, which was attended by about five hundred patrons and others interested in school work. It was the first public program given this season by the primary department. The program comprised songs, games, dances, dramatizations, and story-telling.

NOTED C. E. WORKER TO ADDRESS LOCAL SOCIETY

What's all this going on at the Presbyterian church Wednesday evening?

Why, don't you know? It's the Christian Endeavors pulling off another one of their stunts; they're always doing something.

Well, who's this Mr. Hamilton that's to be there? He's a stranger around here, isn't he?

Yes, but he's a big Christian Endeavor man, and they heard he was in this part of the country, so they asked him to come down and speak to them. I guess they're wanting some more suggestions in their work. They're a mighty fine bunch of workers already. I go to their meetings myself, occasionally, and believe me, they know how to do things. The young folks of the Presbyterian and Christian churches, you know, are the Christian Endeavors. They're both in on this meeting, and they say it's going to be a hummer—this address the main feature, and then they're going to have a little social and "eat" afterwards. I'm mighty sorry I'm not a member, because I sure hate to miss this jollification.

NOTES OF THE NATIONAL GAME

The Centerville team met defeat Sunday afternoon in the game played on the home grounds with the Sadieville team. The final score stood 7 to 2 in favor of Sadieville. The attendance was unusually large, due to the fine weather and growing interest in the games.

The Paris Ruggles team visited Irvine Sunday and met defeat on the Irvine grounds by a one-sided score. Martin, who pitched for Paris was hit hard.

The Ruggles team will play the Clay City team at the Second street park, near Paris, next Sunday afternoon. McCord and Berryman will be the battery for Paris. The Clay City team is a strong one, and a good game is expected.

HARRY MARSH HOME DESTROYED BY FIRE.

The brick residence of Harry Marsh, located on the Peacock pike, about one mile from Paris, was entirely destroyed by fire early Friday night. The loss is estimated at \$5,000, partly covered by insurance.

The fire was thought to have originated from a defective flue. The entire roof was in flames before the blaze was discovered by neighbors. Only a small portion of the household effects was saved. The Paris fire department went to the scene, but could do nothing to check the flames because of a lack of water. An attempt was made to pump water from a nearby stream, but sufficient hose to reach from the stream to the house was not available.

STANLEY DEFENDS STATE'S TOBACCO GROWING RECORD

Senators A. O. Stanley and Lee S. Overman had a spirited debate in the Senate regarding the production of tobacco in their respective States. Senator Overman made the statement that North Carolina raised more tobacco than any other State, and Senator Stanley was on his feet in an instant in defense of Kentucky. He showed from official figures that Kentucky grows about 500,000,000 pounds out of a total of 1,300,000,000 grown in the entire country.

Senator Overman good naturedly admitted that he did not know just how much was grown in North Carolina, but that he would at least claim second place for that State, and Senator Stanley let it go at that. Congressman J. Campbell Cantrill, of Kentucky, addressed the House on the Budget Bill, which was under consideration. He claimed as a Democratic measure, endorsed by two Democratic National conventions, and by President Wilson, and advocated even earlier by Swager Sherley, of Kentucky.

FORMER NEWSPAPER MAN NAMED AUDITOR

Newspaper men of the State are congratulating D. W. Clark, formerly of Georgetown, upon his appointment as an Auditor in the Treasury Department at Washington. Mr. Clark was for many years editor and publisher of the Georgetown Sentinel, and later editor of the Kentucky Republican, at Frankfort.

Mr. Clark's appointment was recommended by Congressman Robinson, having formerly been a resident of his district. Mr. Clark is the father of Mrs. Jack Parker, of American Falls, Utah, who, as Miss Ellen Clark, was for many years with the Home Telephone Co. as operator in the Millersburg exchange, and who is well-known in Paris.
